

**MAY
16-18
2025**

For over 30 years, World T.E.A.M. has used athletics to empower people with disabilities to accomplish goals they never thought possible. On May 16-18, 2025, cyclists—active and retired military, adaptive and able-bodied—will pedal 110 miles over two days from Arlington, VA to historic Gettysburg, PA for the nation’s most inspiring cycling challenge: Face of America.
